

STEP BY STEP GUIDE

VPNLUX / www.vpnlux.com

HOW TO CREATE PPTP VPN CONNECTION

STEP 2. Select **General** settings and open **VPN** settings.

Settings		General		
🚰 Wi-Fi	VL			
Bluetooth	Off			>
Cellular Data	Software	Update		>
Personal Hotapot	Ott	Usage		
Do Not Disturb	OFF			5
Notifications	VPN		Not Connected	>
General	iTunes W	iTunes Wi-Fi Sync		?
Sounds				
Brightness & Wallpape	Spotlight	t Search		2
Picture Frame	Auto-Loo	ck	Never	>
Privacy	Passcode	le Lock	Off	>
∯ iCloud	iPad Cov	ver Lock / Unlock	ON	0
Mail, Contacts, Calend	Autor	mitcally lock and unlock your iPad when you clo	se and open the iPad cover.	
Notes	Restrictio	ons	On	>
Reminders	Use Side	Switch to:		

100

STEP 3. Select Add VPN Configuration.

Settings			VPN	
-	Wi-Fi	VL		
	Bluetooth	Off	VPN	(O OFF)
	Cellular Data	Off	Choose a Configuration	
-	Personal Hotapot	Off	Add VPN Configuration	
C	Do Not Disturb	OFF		
۲	Notifications			
0	General			
	Sounds			
	Brightness & Wallpaper	r		
2	Picture Frame			
U	Privacy			
Ø	iCloud			
	Mail, Contacts, Calenda	ars		
-	Notes			
	Reminders			

STEP 4*. Switch to the **PPTP tab** and set the connection name in the Description field, then enter your hostname, login, password and preshared key (look L2TP info text file in control panel) in Server, Account, Password and Secret fields accordingly. Ensure that **Send All Traffic** option is ON, then select **Encryption Level**.

* *

* Get <u>VPN access</u> first. Our packages include three types of VPN: L2TP VPN, PPTP VPN and OpenVPN. Visit <u>VPN technology</u> page to view their specifications.

HOW TO DELETE PPTP VPN CONNECTION

STEP 6. Open **VPN settings** (see STEP 3) and push the Arrow button next to the connection name.

STEP 7. Tap **Delete VPN** and confirm it.
